PRESIDENT'S MESSAGE

Dear NJAWBO Members and Associates,

I hope this newsletter finds you and your family doing well. What a year 2020 has been! Pandemic, economic issues, political conflict, and social upheaval. And through all this, I am pleased and proud to say that NJAWBO continues to grow and give valuable benefits to our membership. We have shifted from in-person to virtual meetings with outstanding speakers and opportunities to meet other business owners across the state. Some further benefits we have implemented are member-only blogs, speaking opportunities, a Facebook group, mentoring circle, and 2 scholarships to the outstanding Rutgers Entrepreneurship Pioneers Initiative (EPI) in the Center for Urban Entrepreneurship & Economic Development Department.

All these benefits have helped us continue growing our membership in the first two quarters of the year, despite all the distractions and business closures.

For more information on the new blog section of our website, check it out at <https://members.njawbo.org/blog>. If you are a member, please feel free to submit a blog for publication. You can send it right to me at president@njawbo.org. Make sure it is informative and adds value to business owners. Not only will it appear on our website, but we'll also mention it and link to it in our monthly blog email blast that goes to thousands of readers.

And while I am writing about benefits of membership, if you are a member, please be sure to review your profile on the website. This

is another great way to advertise your business. Check to make sure all the information is correct and that you have a robust and informative description of what your business offers. Both members and non-members check the NJAWBO website to find suppliers and vendors. This is another way NJAWBO helps you grow your business.

The board members and region leaders continually keep busy to be sure that NJAWBO brings our members RELATIONSHIPS, REFERRALS, AND REVENUE. I wish all of you well and look forward to seeing you sometime in the future at a meeting!

Holly

NJAWBO Members Have Your Voice Heard

by Bertha Robinson
NJAWBO President Elect

There are so many benefits to the NJAWBO membership—everything from networking, writing a blog, member-only Facebook group, member hub and personal profile to speaking opportunities. However, some of you may not know where to begin, while others may want something more.

Starting in July we are launching our brand new **“Make the Most of Your NJAWBO Membership Roundtable.”** This will be a platform for you, the member, to come and learn about specific ways you can develop your relationships in NJAWBO, get more referrals, and increase your revenue. These will be personal how-to sessions on making the most of your membership and an occasion to get answers to any questions you may have about NJAWBO.

This new roundtable will be held via Zoom every 2nd Friday, beginning on July 10 from 10 to 11 a.m., and will run through December 11, 2020.

I hope you will join me each month, sometimes with an occasional guest visit by board members, past presidents, sponsors, and others.

For more information and to register for the NJAWBO Membership Roundtable go to <https://members.njawbo.org/events>. I hope to see you there!

New NJAWBO Member Benefit

Learn the Details about a New 401(K) Plan Available to NJAWBO Members with Employees through NJAWBO Sponsor, Certified Financial Services

by Erin Hoffman and Jill Van Nostrand

It's Time to Review Your 401(K) Plan

What is a Multiple Employer Aggregation Program?

A Multiple Employer Aggregation Program (MEAP) is a group 401(k) program designed for and made available by an organization to their members and clients. The "Program" is designed to gather the plan's important administrative, recordkeeping and fiduciary services to be overseen by a third party, which allows the plan sponsors who participate to outsource most of their fiduciary responsibilities and liabilities.

Advantages of joining a MEAP

- Flexible plan design options
- Dedicated account manager
- Technology to satisfy your plan's critical needs
- Annual plan review
- And more

Why consider joining a Multiple Employer Aggregation Program?

Because every business owner tells us the same thing: They want a retirement plan solution that...

	Situation	Solution
1. Is easy	They want to focus on their business — they don't want to be a 401(k) expert.	The MEAP can become their 401(k) department, performing most of the administrative tasks for their plan, including handling their regular contribution files.
2. Protects them	They don't want to be at risk of paying fines or penalties.	The MEAP can help keep their plan in compliance, and the program's investment and administrative fiduciaries assume most of their fiduciary responsibilities and liabilities.
3. Is cost competitive	They don't want to overpay.	The MEAP delivers more value and services — and at potentially a similar or lower cost than they are likely already paying. In addition, as plans grow, Lincoln account managers conduct annual reviews for price reductions.

This new NJAWBO member benefit, available through Certified Financial Services, is a group 401(K) plan that is available to NJAWBO members who have at least one employee.

For more information, please email us at Erin Hoffman, erin.hoffman@cfsllc.com, and Jill Van Nostrand, jill.vannostrand@cfsllc.com or give us a call at 201-843-7700. Certified Financial Services is proud to be a NJAWBO Corporate Sponsor.

Gina Marie Mattei Recognized among Jersey's Best Top Marketing and Advertising Professionals Under 40

Gina Marie Mattei, president of Revelation Creative in Asbury Park, has been recognized by the New Jersey Ad Club as one of Jersey's Best Top Marketing and Advertising Professionals Under 40 for 2020. This award recognizes professionals who have made a substantial impact on the industry before they've reached the age of 40. These professionals are chosen for their leadership, community involvement, and the respect they've earned from their peers, clients, and the public.

"To be recognized among the impressive list of marketing and advertising award recipients for 2020 is truly an honor," notes Mattei. "What this award acknowledges is that people ARE listening to the work we do at Revelation Creative. Compassion, kindness, and social responsibility are the focal points for all of the messaging that we put into market for our clients and for ourselves. This is what makes the work we do feel so rewarding and allows us to extend our impact outside of our virtual 'office walls.' We will continue to use our platform not just to lead our clients to success, but to improve the way business is done and make strides toward positive change in the community. I share this award with my incredibly talented team, our clients, and our advocates who have been such a support as we approach our third year in operation. Thank you to all who have believed in us through the years!"
